

EPS Nomination consent form:

DrugMart Pharmacy
72 Spotland Road
Rochdale OL12 6PQ

We understand that you would like your prescriptions to be sent from your doctor using the Electronic Prescription Service (EPS).

In order to nominate DrugMart Pharmacy as your chosen pharmacy to receive and process your prescriptions, please complete the section at the foot of this form.

In addition, we need to tell you about the following details of the Electronic Prescription Service:

- You do not have to have your prescriptions sent from your doctor to your pharmacist using the EPS but, if you choose to have paper prescriptions, you cannot choose to have your prescriptions sent automatically to a particular pharmacy.
- If you decide to use the EPS, you may choose any EPS pharmacy for your convenience. You do not have to choose a pharmacy that is near to your doctor's surgery
- Electronic prescriptions will be sent directly from your doctor's computer to the pharmacy computer. Paper prescriptions are not required. The service will be secure and confidential.
- If you choose to have your prescriptions sent to DrugMart Pharmacy via the EPS, your prescriptions will be sent here automatically. If you wish to make an alternative arrangement, for example, if you are going on holiday, you will need to tell your doctor.
- You can choose to have your prescriptions sent to another pharmacy at any time, including part way through a series of repeat prescriptions collected directly from the pharmacy (repeat dispensing).
- If you choose to have your prescriptions sent via the EPS to DrugMart Pharmacy, the pharmacist here will be able to access your prescription in advance of your visit, so that it may be ready when you come to collect it. If, however, you choose to collect your prescription from another pharmacy, then there may be a delay in preparation of your prescription.
- Please note that, if you have any prescriptions for appliances, these may be sent from your GP to an appliance contractor, instead of DrugMart Pharmacy.

If you have any questions about the Electronic Prescription Service, please ask the pharmacy manager.

I would like to nominate DrugMart Pharmacy as my nominated pharmacy (DrugMart Pharmacy 72 Spotland Road Rochdale OL12 6PQ) for dispensing prescriptions issued by the Electronic Prescription Service (EPS). I have read and understood the arrangements for the EPS.
